You may receive a full refund of your cruise deposit and payment through May 15, 2012. 20% Deposit is required at time of booking and payments may be made on the cruise through May 15, 2012. Note: Insurance is not refundable but in many cases is transferrable. *Note: This is a very popular ship and there are Limited rooms available. Catherine Griffin is booking directly with Disney Cruise Lines under the YTB Travel Agency and all the reservations will be linked together to ensure we get the same dining times for everyone grouped together, etc. Note: The exact rates and room availability are published at www.disneycruiseline.com.

Travel Insurance will be done through Travel Guard directly. (Note: This is the same insurance company that Disney Cruise Line, however when you go directly with the company, you receive better coverage and it's less expensive -- includes the children for free.

Just check above if you want to include insurance and we will add it to your vacation booking. –Strongly recommended.

After 5/18/12, you will have the option to book excursions if you decide you want to go snorkeling, etc ...Or feel free to just relax and enjoy the cruise ship, amenities and entertainment. Food, juice, soda, ship entertainment, Oceaneer's club for children and accommodations are included in your cruise booking. Note: Airfare is not included in the cruise booking and may be booked at a later date. Based on current pricing the expected airfare cost is about \$220 - \$250. At times you can get deals for only \$149 round-trip air to Orlando, FL, so we will be on the lookout and keep you informed. Since the cruise is not until August 2012, most airfare has not yet been published. Once rates are published, LHLC will reserve group seats on the plane for our party to stay together if you prefer.

This will definitely be a spectacular & magical vacation! Do not miss out!
